WHY iWM?

In hospitals, shopping centres, business parks and industrial sites, waste is being generated every hour. Without the right systems, processes can become costly, inefficient and non-compliant.
iWM Software is a powerful cloud-based platform that helps organisations manage every aspect of waste operations, providing complete visibility, traceability and control.

WITH iWM, YOU CAN:

- Automatically record waste types and volumes
- Monitor and visualise waste flow across multiple locations
- Capture audit-ready compliance data
- Respond quickly with smart alerts and live dashboards
- Track weight-based data from integrated bin and container systems
- Ensure full traceability from waste generation to final processing

FULL TRACEABILITY FROM START TO FINISH
