OPTIMISE your production while LABELLING

In fast-moving production settings, automating the process of weighing and pricing products is key to keeping operations efficient. The right system helps businesses streamline production, reduce errors, and stay on top of pricing rules.

Whether you're working in food production, meat packaging, or fresh produce, having the right equipment can boost productivity and ensure compliance with pricing standards. Take automatic weighing and labelling of prepacked goods to a new level.

Regardless of the conveying direction, always direct access from the front for maintenance and label roll change. The robust printing mechanism requires less maintenance and reduces downtimes. Throughput can also be increased due to a higher print speed. Very easy label roll change and the new, intuitive user interface make daily work on the GLM-I more convenient. Highly flexible, durable, robust and a design which is easy to clean round off this package loaded with benefits.

GLM-I 100

GLM-I 70/100/150/170 AVAILABLE

Modular design: Adaptable to a variety of industrial environments, ensuring a perfect fit for different production lines.

Space-saving labellers: The compact labellers are designed to save space, making the system ideal for environments where space is at a premium.

Maintenance and accessibility: Provides direct front access for maintenance and label roll changes, regardless of the direction of transport, increasing operational efficiency.

Robust print mechanism: Requires less maintenance, resulting in reduced downtime and increased throughput due to higher print speeds.

User interface: Offers a modern and intuitive user interface that simplifies daily operations.

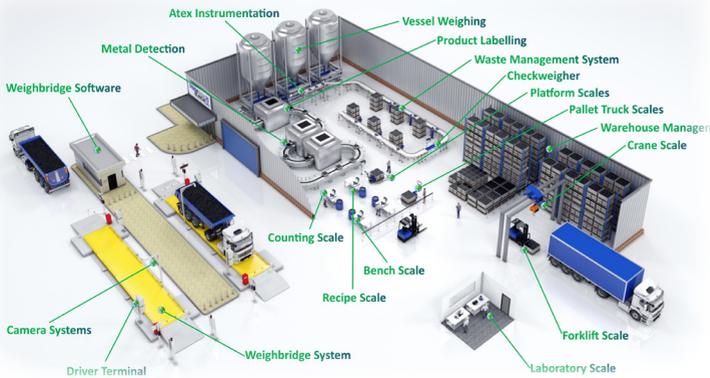

Flexibility: Capable of handling both paper and clear film labels, providing versatility in labelling options.

Eco motion technology: Eliminates the need for thermal transfer ribbon, contributing to cost savings and environmental sustainability.

LabelSecure integration: An intelligent inspection system that can be integrated for visual quality control, enabling early detection of packaging defects.

Designed to
SAVE up to **30%**
space

GlobeWeigh providing total SOLUTIONS

Globeweigh's skilled engineers are trained to support a diverse range of weighing equipment from laboratory balances through to weighbridges. Our core philosophy is based on identifying and remedying any potential problems ahead of time, thereby optimising your equipment 'uptime'. Contact us to find out more about service and support programs for automatic and non-automatic weighing equipment and instrumentation including:

- Weighbridges
- Bench scales
- Floor scales
- Counting scales
- Weigh price labellers
- Pallet truck scales
- Forklift truck scales
- Crane scales
- Laboratory scales
- Hopper scales
- Tank & silo weighing systems
- Mechanical scales
- Axle weighers
- Check weighers

Comprehensive **Service & Support**

KEEPING YOUR CRITICAL WEIGHING EQUIPMENT IN TIP-TOP CONDITION

We appreciate and understand the importance of a well defined and implemented service and maintenance program. Your equipment and installation have their own specific requirements and will only perform as well as the maintenance program you have in place. Our support packages are designed to suit your exact needs, giving you time to focus on the efficient running of your business, without having to worry about breakdowns. Service visits are arranged to suit your company's working pattern and we can fit in with scheduled shutdowns or plan visits during evenings and week-ends. If your equipment

is used more extensively at certain times of the year due to seasonal influences, we will assess this and provide a plan that is just right for your business.

SERVICE & SUPPORT – WHEN & WHERE YOU NEED IT!

Globeweigh offers a comprehensive service, calibration and support capability for a wide range of industrial weighing equipment throughout Ireland. We support both our own and other manufacturers' weighing equipment, and packages can be tailored to meet your specific operational and fiscal requirements.

Service is available from our centres in Armagh and Cork, with 24 hour cover also available for companies operating around the clock and at weekends.

- 🕒 Coverage for public & bank holidays
- 🕒 Coverage for week-ends
- 🕒 Priority four hour response time
- 🕒 24 hour telephone support

📍 **ARMAGH OFFICE:** 118 Portadown Road, Mullavilly, Co. Armagh BT62 2JX - **CALL: 028 38840714**

📍 **CORK OFFICE:** Unit 3, Airport East Business & Technology Park, Farmer's Cross, Cork - **CALL: 021 4318388**
