# WEIGHBRIDGES

GlobeWeigh Group has manufactured, installed and maintained weighbridges in Ireland since 1995. Since then we have been the sole distributor for Europe's leading manufacturer Weightron-Bilancieri. Over the years we have grown to become one of Ireland's leading suppliers of quality weighbridges. Our weighbridges are manufactured to the highest standard at our modern fabrication plant in County Armagh, using stainless steel European loadcells.

Our weighbridge solutions including surface mounted weighbridges, pit mounted weighbridges, steel weighbridges, portable / mobile weighbridges, animal weighing and silo & tank weighing.

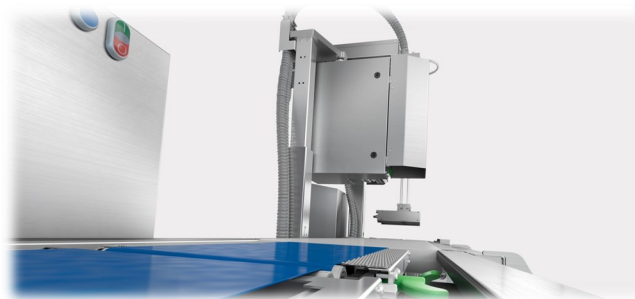

## INDUSTRIAL WEIGHING

GlobeWeigh provide a range of weighing solutions to meet the needs of various businesses in the food and drink industry, medical and pharmaceutical, agricultural, industrial transport and logistics sectors, among others. These include products such as: Checkweighers, Medical Scales, Bench Scales, Platform Scales, Marine Scales, Forklift Weighing.

Our state of the art, high-speed checkweighing solutions for the food and logistics industries are extremely flexible thanks to their modular design, which means that they can easily be integrated with existing inspection systems such as X-ray systems, food metal detectors, and vision inspection systems.

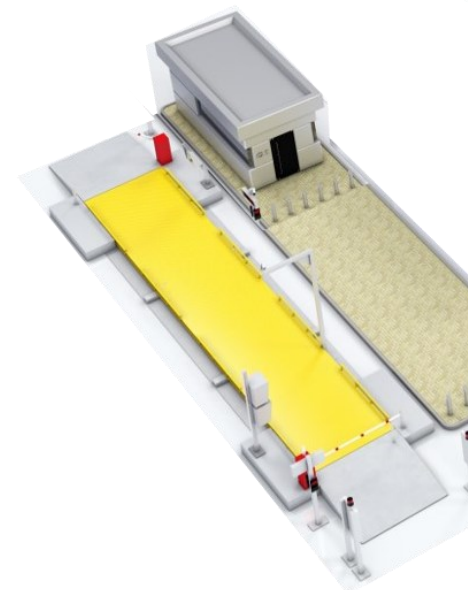

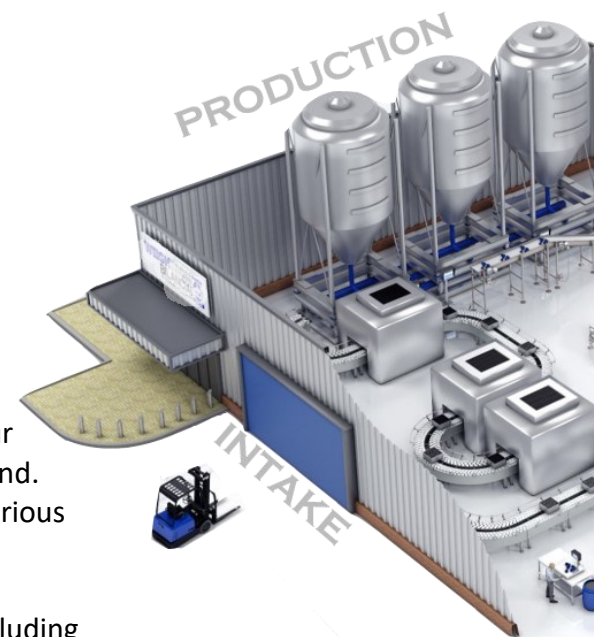

# PROVIDING COMPLETE SOLUTIONS

## PRODUCT LABELLING

In the world of weighing and labelling, speed and precision are the two most important factors. All of our labelling equipment is designed with this in mind. GlobeWeigh Group provide labelling solutions for various Industry sectors, the primary one being the food industry.

Our product labelling solutions streamline processes including manual product labelling and high-speed labelling at rates of up to 200 packs per minute. By increasing speed and lowering running costs, our customers can determine how long it will take to gain a return on their investment in product labelling equipment.

# ONS FOR VARIOUS INDUSTRIES

## INSPECTION & QUALITY CONTROL

The monitoring and analysis of all relevant quality parameters, from formula and completion inspection, through to foreign object detection, packaging and labelling are top priorities for food manufacturers. In order to achieve 100% control at high throughput rates, Bizerba Industrial Food Inspection Systems offer the very latest in detection methods.

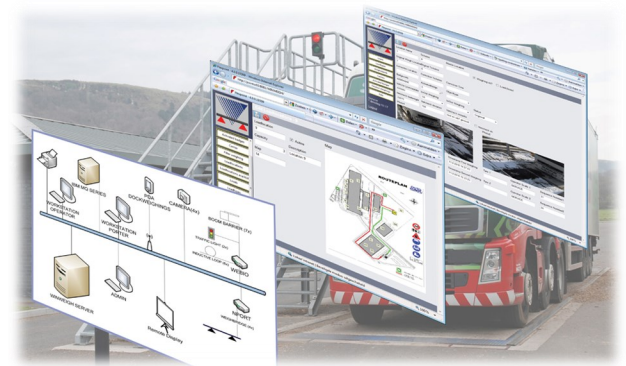

We supply a wide range of food inspection, quality and traceability solutions. These are installed and maintained by our service engineers on a regular basis to ensure that all equipment is operating to maximum efficiency levels and costly downtime is minimised or avoided entirely.

## INDUSTRIAL SOFTWARE

Industry today has reached a level of complexity which requires powerful management tools to manage a variety of issues including: Products, Clients, Prices, Contracts, Documentation, Legislation, Traceability, Duty of Care, Invoicing, Reporting, Analysis & Costing, Links to Accounts / Other Software

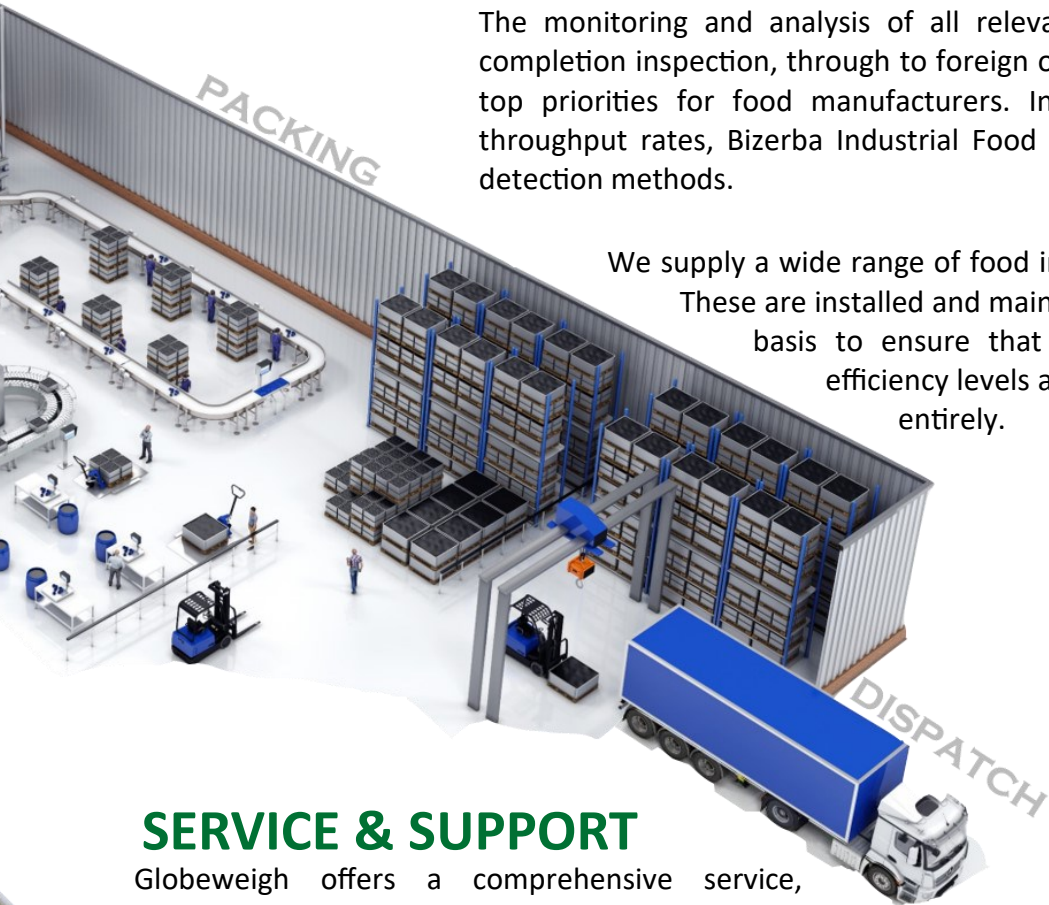

Our software solutions cover quarry software, recycling and waste management software, renewable energy software, warehouse management software, CRAFT software, animal feed mill software, food manufacturing software, grain storage software and itemised waste management software.

## SERVICE & SUPPORT

Globeweigh offers a comprehensive service, calibration and support capability for a wide range of industrial weighing equipment throughout Ireland. We support both our own and other manufacturers' weighing equipment, and packages can be tailored to meet your specific operational and fiscal requirements.

Service is available from our centres in Armagh, Kildare and Cork, with 24 hour cover also available for companies operating around the clock and at weekends.

# OUR SERVICES

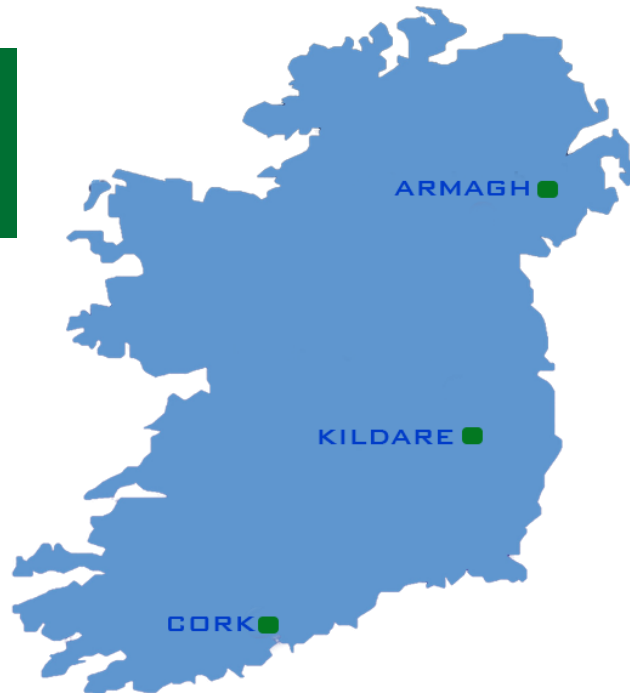

## Comprehensive service and support – when and where you need it!

Globeweigh offers a comprehensive service, calibration and support capability for a wide range of industrial weighing equipment throughout Ireland. We support both our own and other manufacturers' weighing equipment, and packages can be tailored to meet your specific operational and fiscal requirements.

Service is available from our centres in Armagh, Kildare and Cork, with 24 hour cover also available for companies operating around the clock and at weekends.

KEEPING YOUR CRITICAL WEIGHING EQUIPMENT IN TIP-TOP CONDITION

24/7  
SERVICE

We appreciate and understand the importance of a well defined and implemented service and maintenance program. Your equipment and installation have their own specific requirements and will only perform as well as the maintenance program you have in place. Our support packages are designed to suit your exact needs, giving you time to focus on the efficient running of your business, without having to worry about breakdowns.

Service visits are arranged to suit your company's working pattern and we can fit in with scheduled shutdowns or plan visits during evenings and week-ends. If your equipment is used more extensively at certain times of the year due to seasonal influences, we will assess this and provide a plan that is just right for your business.

- Coverage for all public and bank holidays
- Coverage for week-ends
- Priority four hour response time
- 24 hour telephone support

**ISO 9001:2015 Quality**

**ISO 45001:2018 Health & Safety**

**ISO 14001:2015 Environmental**

**NSAI Authorised Verifiers**

**Directive 2014/31/32**

We are certified for the self verification (SV) of NAWI's (non-automatic weighing instruments) and MID (automatic weighing instruments)

## FROM WEIGH PRICE LABELLERS TO WEIGHBRIDGES TO BENCH SCALES

Globeweigh's skilled engineers are trained to support a diverse range of weighing equipment from laboratory balances through to weighbridges. Our core philosophy is based on identifying and remedying any potential problems ahead of time, thereby optimising your equipment 'uptime'. Contact us to find out more about service and support programs for automatic and non-automatic weighing equipment and instrumentation including:

Weighbridges, Bench scales, Floor scales, Counting scales, Weigh price labellers, Pallet truck scales, Forklift truck scales, Crane scales, Laboratory scales, Hopper scales, Tank & silo weighing systems, Mechanical scales, Axle weighers and Check weighers.
