# WEIGHBRIDGE

# SOFTWARE

## SOFTWARE FEATURES:

- Control every element of the weighing process and data handling
- User configurable reporting
- Legal for trade
- NO annual licensing fees
- Fully configurable
- Integrates easily with 3rd party software

# POWERFUL WEIGHBRIDGE SOFTWARE

GlobeWeigh Software has been developed to be an extremely cost-effective, flexible solution for a broad range of industries. From a PC based system with an operator to a touchscreen driver operated system, GlobeWeigh can provide a system that enables you to carry out a variety of industry-specific tasks depending on the modules supplied.

## EASY, POWERFUL AND UNDERSTANDABLE

This software tool turns a standard application into a custom made weighbridge program extremely quickly. It can be easily integrated with existing business systems, offering weighing data capture and administration, together with system orientated statistics and reports.

## BUSINESS INTEGRATION

At the heart of the application is a powerful database module. There is a flexible import-export function for standard file formats and WinWeigh can connect to external databases including SQL, Dbase, Paradox, MSExcel and Sybase. WinWeigh provides fully configurable weighing screens, databases and processes, often no programming is needed for most bespoke modifications. If software upgrades or changes are needed, these can be carried out remotely via a standard internet connection.

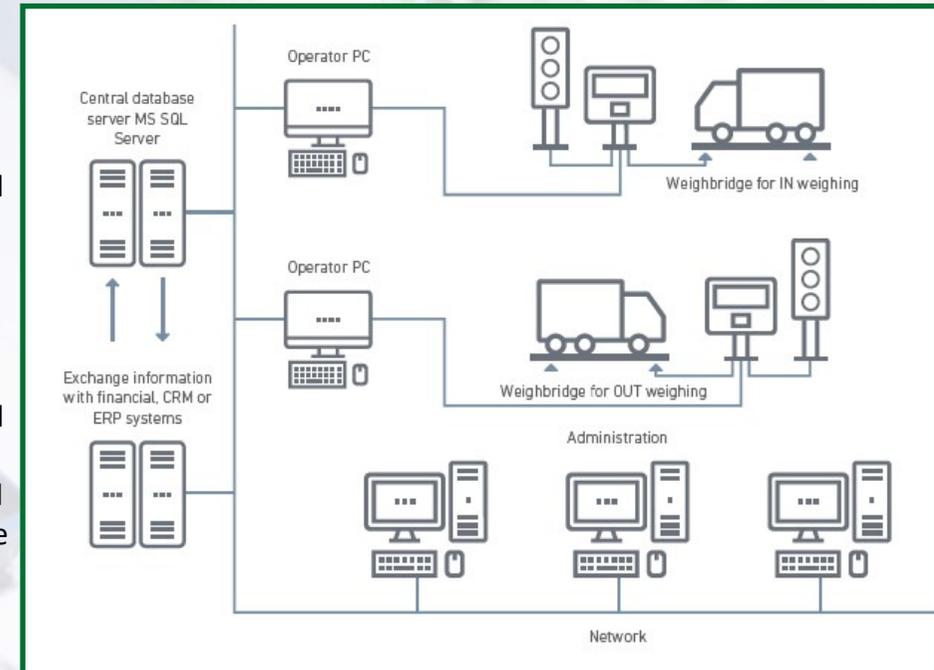

## CONTROLS ALL HARDWARE

Not only is WinWeigh capable of managing your weighbridge operation and data collection, but it can also be used as a comprehensive vehicle management system, reducing on site bottlenecks and improving site security. WinWeigh can be used to control security cameras and automatic number plate cameras, providing digital records of each and every vehicle entering and leaving sites.

In conjunction with this it can control entry/access barriers and run on any Web enabled device such as PDA's and smartphones. When linked to ANPR/IP/CCTV cameras the picture is stored against the weighing transaction where secure records are kept.

## WEIGHING DATA AND OFFICE CONTROL

• Manage multiple weighbridge and sites
• Easy collection of data
• Centralised data collation and management

## BENEFITS/REASONS TO CHOOSE WINWEIGH

• Modular design allowing future expansion without changing software
• Configurable, able to fit the business use of the client without compromise

# GIVING FULL CONTROL OF PROCESS

## UNMANNED AUTOMATED WEIGHBRIDGE

INSPECTION CAMERA

RADIATION DETECTION

TOUCHSCREEN DRIVER TERMINAL

ANPR CAMERA

TRAFFIC LIGHT

BARRIER & GATE CONTROL

### The Weighing Process

• Operates with a wide range of terminals
• Optimal performance when paired with our advance driver operated terminals
• Provides a vehicle management system to reduce bottlenecks and increase security
• Controls traffic barriers, lights, ANPR cameras, card readers and more
• Radiation detection system integration

DIGITAL DISPLAY

GlobeWeigh can provide every component for a fully unmanned/automated weighing process. As Ireland's largest manufacturer of weighbridges we have the resources to be your one stop shop for specialist advice, planning, hardware, software,  installation and support.

## Data Management and Integration

• Unrivalled integration capabilities
• Interfaces with leading management systems; SAP, Sage, JD Edwards and Navision compliant
• Can be configured to deliver the management information you need
• User configurable reports to suit individual and industry needs

Microsoft Dynamics    Sage

SAP    ORACLE

# OUR SERVICES

**Comprehensive service and support – when and where you need it!**

Globeweigh offers a comprehensive service, calibration and support capability for a wide range of industrial weighing equipment throughout Ireland. We support both our own and other manufacturers' weighing equipment, and packages can be tailored to meet your specific operational and fiscal requirements.

Service is available from our centres in Armagh, Kildare and Cork, with 24 hour cover also available for companies operating around the clock and at weekends.

## KEEPING YOUR CRITICAL WEIGHING EQUIPMENT IN TIP-TOP CONDITION

We appreciate and understand the importance of a well defined and implemented service and maintenance program. Your equipment and installation have their own specific requirements and will only perform as well as the maintenance program you have in place. Our support packages are designed to suit your exact needs, giving you time to focus on the efficient running of your business, without having to worry about breakdowns.

Service visits are arranged to suit your company's working pattern and we can fit in with scheduled shutdowns or plan visits during evenings and week-ends. If your equipment is used more extensively at certain times of the year due to seasonal influences, we will assess this and provide a plan that is just right for your business.

ARMAGH

CORK

**24/7 SERVICE**

- Coverage for all public and bank holidays
- Coverage for week-ends
- Priority four hour response time
- 24 hour telephone support

## TOTAL SOLUTIONS

**FROM WEIGH PRICE LABELLERS TO WEIGHBRIDGES TO BENCH SCALES**

Globeweigh's skilled engineers are trained to support a diverse range of weighing equipment from laboratory balances through to weighbridges. Our core philosophy is based on identifying and remedying any potential problems ahead of time, thereby optimising your equipment 'uptime'. Contact us to find out more about service and support programs for automatic and non-automatic weighing equipment and instrumentation including:

Weighbridges, Bench scales, Floor scales, Counting scales, Weigh price labellers, Pallet truck scales, Forklift truck scales, Crane scales, Laboratory scales, Hopper scales, Tank & silo weighing systems, Mechanical scales, Axle weighers and Check weighers.

**QUALITY** ISO 9001-2015 NSAI Certified
**ISO 9001:2015 Quality**

**HEALTH & SAFETY** ISO 45001-2018 NSAI Certified
**ISO 45001:2018 Health & Safety**

**ENVIRONMENT** ISO 14001-2015 NSAI Certified
**ISO 14001:2015 Environmental**

**NSAI** Legal Metrology AUTHORISED VERIFIER
**NSAI Authorised Verifiers**

**Directive 2014/31/32**
We are certified for the self verification (SV) of NAWI's (non-automatic weighing instruments) and MID (automatic weighing instruments)
