

## - Health & Safety Policy Statement -

Globeweigh will so far as is reasonably practicable, ensure that the workplaces and the materials, equipment, plant, and machinery used in them, are safe and comply with legal and other requirements. The company are committed to prevention of injury and ill health and to continual improvement in management and performance of health & safety. To aid with continual improvement the company will set health & safety objectives and regularly review these, as well as meeting the requirements of ISO 45001.

Employees will receive the necessary information and training to carry out tasks correctly and safely. Employees will be consulted on and asked to actively participate in all areas of the Health & Safety Management System.

While health, safety and welfare of the workplace is the responsibility of Globeweigh, it is the duty of all employees to act responsibly and to do everything that is reasonable to prevent injury to themselves, fellow workers and any person who may have occasion to visit the site, including members of the public.

This Safety Policy will be reviewed periodically and amended if necessary.

The safety performance of the company will be monitored on a regular basis and action taken to improve safety standards.

This policy is available on our website or on request to the Globeweigh Head Office.
