### Quality Policy

GlobeWeigh is a provider of Industrial Weighing & Labelling Solutions and self-verification of industrial weighing equipment. Throughout Ireland we are a leading force in Weighbridge, Pharmaceutical and Food Industry Solutions. GlobeWeigh aims to continually improve the quality of the products it manufactures, and to supply these products efficiently and at a reasonable cost. The company is committed to consistently conforming to its customer's requirements in all respects.

To achieve this, it is the policy of the company to establish and maintain a documented quality system, which is an integral part of the company's operations.

The quality system, which is to be applied to all work undertaken by the company, is based on the requirements of ISO 9001:2015 and controls by means of written procedures, all activities that are critical to the achievement of the specified quality. The company is committed to complying with the requirements laid down with the quality management system.

The company is committed to the continual assessment and improvement of the effectiveness of the management system through the systematic analysis of data and subsequent setting of objectives and targets for improvement.

The management shall communicate the effectiveness of the management system to all levels within the company.

Globeweigh are committed to complying with all relevant legislation, regulations, and other requirements

Attainment of the standards embodied in the system requires the commitment and participation of all members of the company as well as suppliers and subcontractors. To this end all employees of the company as well as its suppliers and subcontractors, will be committed to continual improvement and customer satisfaction.
