IMPROVE THE EFFICIENCY of **Linerless Labelling**

PAS-I CleanCut... IT IS MORE THAN JUST AN INDUSTRIAL LABELLING SYSTEM

It's A Comprehensive Solution Designed To Improve The Efficiency Of Linerless Labelling

Experience our fully automatic linerless labeler PAS-I- a stand-alone solution designed for precise printing and applying of various label formats including C-Wrap and Full-Wrap labelling. Speed up and improve reliability of your labelling process with a fully automatic changeover of label and packaging formats. You want to process different product sizes or label types- no problem with our PAS-I which guarantees precise and reliable labelling at all times.

- Increased Production
- Reduced downtime
- Easy intergration
- Precise labelling
- Linerless

The PAS-I CleanCut is more than just an industrial labelling system; it's a comprehensive solution designed to improve the efficiency of linerless labelling. By automating the labelling process, it not only ensures that your products carry the necessary information, but it also enhances their presentation, making them

more appealing to consumers. With the PAS-I, your labelling process becomes faster, more efficient, and more reliable. Whether you need to process different product sizes or label types, the PAS-I guarantees precise and consistent labelling every time, ensuring that your production runs smoothly and efficiently.

ADVANTAGES of PAS-I CleanCut include:

LINERLESS LABELS

The system is tailored to linerless labels. More information can be included without compromising on design. Perfect for fulfilling information obligations and improving product presentation.

WASTE REDUCTION

With CleanCut linerless labels, there is no liner and rolls can hold up more labels reducing the number of roll changes and increasing production.

EXCELLENT PERFORMANCE

PAS-I CleanCut achieves high productivity of up to 120 packages per minute with precise labelling contributing to an appealing product presentation.

ECONOMIC MAINTENANCE

The system is designed to reduce downtime and total cost of ownership through remote support and easily replaceable parts such as conveyor belts, belts and printheads.

VERSATILITY

One for all- a single applicator for all your requirements whether top, C-wrap, full-wrap or overlap label application. PAS-I CleanCut is easy integrate in your production line or can be used as a stand-alone device for manual product feed.

PAS-I CleanCut Highlights

EASY AND SAFE HANDLING

Minimal setup times for an article change: Automatic setting to package size, label position and print area

CLEANCUT LINERLESS SOLUTION

Weighing and labelling technology + CleanCut Linerless labels+software+ global service +financing from a single source

ECONOMIC MAINTENANCE

Reduced downtime and TCO via remote support Easy-to-replace wear and tear parts: Belts, printhead

STRONG PERFORMANCE

High productivity with up to 120 ppm Precise labelling for an appealing product presentation

GlobeWeigh providing TOTAL SOLUTIONS

FROM WEIGH PRICE LABELLERS TO WEIGHBRIDGES TO BENCH SCALES

Globeweigh's skilled engineers are trained to support a diverse range of weighing equipment from laboratory balances through to weighbridges. Our core philosophy is based on identifying and remedying any potential problems ahead of time, thereby optimising your equipment 'uptime'. Contact us to find out more about service and support programs for automatic and

non-automatic weighing equipment and instrumentation including:

Weighbridges, Bench scales, Floor scales, Counting scales, Weigh price labellers, Pallet truck scales, Forklift truck scales, Crane scales, Laboratory scales, Hopper scales, Tank & silo weighing systems, Mechanical scales, Axle weighers and Check weighers.

Comprehensive Service & Support

KEEPING YOUR CRITICAL WEIGHING EQUIPMENT IN TIP-TOP CONDITION

We appreciate and understand the importance of a well defined and implemented service and maintenance program. Your equipment and installation have their own specific requirements and will only perform as well as the maintenance program you have in place. Our support packages are designed to suit your exact needs, giving you time to focus on the efficient running of your business, without having to worry about breakdowns. Service visits are arranged to suit your company's working pattern and we can fit in with scheduled shutdowns or plan visits during evenings and week-ends. If your equipment is used more extensively at certain times of the year

due to seasonal influences, we will assess this and provide a plan that is just right for your business.

SERVICE AND SUPPORT – WHEN AND WHERE YOU NEED IT!

Globeweigh offers a comprehensive service, calibration and support capability for a wide range of industrial weighing equipment throughout Ireland. We support both our own and other manufacturers' weighing equipment, and packages can be tailored to meet your specific operational and fiscal requirements. **Service is available from our centres in Armagh and Cork, with 24 hour cover also available for companies operating around the clock and at weekends.**

🌐 Coverage for public & bank holidays
🌐 Priority four hour response time

🌐 Coverage for week-ends
🌐 24 hour telephone support
